COMMENTS TO NOTICE OF PROPOSED RULE MAKING
Comment Date: March 4, 1993

The petitioners concur with The Commission's proposal that Channel 297C2 be substituted for Channel 299C2 for allotment to Iron River, Wisconsin. The petitioners are confident that the site restrictions can be accommodated to prevent a short spacing to a proposal to add Channel 296C3 to Moose Lake, Minnesota, in MM Docket 92-220.

The petitioners further state that it is our intention to apply for the channel if allotted and, if authorized, to build a station promptly.

Respectfully submitted, for the
petitioners,

James V. Lien
